

## Sketchbook Activities Part 1/Day 1:

Using the **blind contour** drawing technique, draw the following on the same page in your sketchbook. You will be timed for each drawing, but DON'T rush! Take your time and have fun!!

- Nose (20 seconds)
  - After drawing your nose, look at it and find a new starting point on the same page of your sketchbook
- Lips (30 seconds)
  - After drawing the lips, look at it and find a new starting point on the same page of your sketchbook
  - If you want to rotate your sketchbook, you can!
- One eye (40 seconds)
  - After drawing an eye, look at it and find a new starting point on the same page of your sketchbook
  - If you want to rotate your sketchbook, you can!
- One ear (40 seconds)
  - After drawing the ear, look at it and find a new starting point on the same page of your sketchbook
  - If you want to rotate your sketchbook, you can!
- Draw the entire face (1 minute 30 seconds)
  - Include the hair and all facial features
  - It's okay if it overlaps or touches your other drawings

At this point, your entire page should be filled or very close to being filled in with crazy/abstract facial features!

**Look on the next page for the next step of the assignment**

## Sketchbook Activities Part 2/Day 1 or 2:

- Choose 3 - 4 colored markers, highlighters, or colored pencils,
  - Either color some areas solid (one color) or create a pattern design throughout the images
    - Look for places that overlap - these are awesome to fill in with designs or color
    - **BE CREATIVE!!**
    - **HAVE FUN!!!**
  - This mini assignment will lead us into part 2 of the project
